# STAEDTLER®

## Head of ideas.

# Release **your** **creativity.**

# Content

Release **your**
**creativity.**

# We believe in a world full of ideas...

**... and that anybody can become creative with our products.**
**Our umbrella brand communication "Release your creativity"**
**inspires people to live every day creatively.**

The idea: a piece of paper or an object is painted on using a STAEDTLER product and presented in an everyday scene – instantly making this familiar life situation a little nicer, funnier or more relaxed. The Claim "Release your creativity" speaks directly to the viewer and motivates him or her to also become creative.

**Our products accompany**
**people** – from their first attempts at colouring in early childhood, to notebook entries in school, taking memos in university or on the job and their life long creativity in their free time.

# The analogue world in a digital age.

**At the beginning there are pen and paper.**
Even in a digital world many people
trust established methods.

**Ideas are still noted on, scribbled, designed or sketched on paper.**

It is important to slow down and give your ideas some space, especially when you want to be creative and to develop or expand your ideas.

Whether it is learning how to write, summarizing content or a quick sketch of ideas: analogue writing and drawing tools bring things right to the point.

# The very best for our environment.

## Protecting the environment and people has a long tradition at STAEDTLER.

With material innovation and promising technologies we ensure a sustainably responsible company.

A sustainable product is not only produced environmentally friendly but offers the user many advantages, has a long service life and thus helps in reducing waste.

**Producing long-lasting high quality products** is the benchmark we use to align our entire production chain: from extracting raw materials to developing products and using energy to packaging our pens and pencils.

This is how we guarantee the high STAEDTLER quality and make a valuable contribution to protecting our environment.

### Certified wood-cased pencils

All **wooden STAEDTLER pencils** are made using certified wood. Thereby STAEDTLER ensures its commitment to the environment and the responsibility of handling with wood – the essential raw material.

### "Made in Germany"

**Almost two thirds of STAEDTLER products are manufactured in Germany.** This is good for humans and the environment as Germany has very high social and environmental standards in global comparison.

MADE IN GERMANY

### Integrated quality and environmental management systems

An integral component of our corporate philosophy and the foundation of continuous improvement of our company's efficiency are the **integrated quality and environmental management systems (ISO 9001:2015 and ISO 14001:2015)**.

## Healthy growth – with a plantation for our own wood supply

From selecting a tree species according to ecological and economic criteria to cultivation conditions under strict environmental standards, considering existing flora and fauna – STAEDTLER takes the production of wooden boards for pencil manufacturing into its own hands. In Ecuador, South America, STAEDTLER found the suitable conditions for **its own plantation**. Trees for future STAEDTLER pencils will grow on an area of around **1,200 hectares**.

Gmelina-plantation, Ecuador

### Raw materials
Quality checks to ensure the suitability for our products

### Customer orientation
Education about special product features and eco-friendliness

### Production
Conservation of resources, energy management and continuous process optimization

### Logistics / Transport
Eco-efficiency and intelligent logistics

### Product ecology
Health safety and compliance with environmental criteria even during product development and when using harmless ingredients

### Working environment
Apprenticeships and job training as well as active protection against pollution and noise pollution, social charter – incl. committing to our supply chain

MADE FROM UPCYCLED WOOD

# Raw materials used responsibly.

Our established practice to use raw materials responsibly inspired us to develop an exceptional manufacturing technology, where we don´t need entire wooden boards to produce pencils and coloured pencils Made from Upcycled Wood.

We upcycle even smallest by-products arising anyway from sawing and planing processes in the wood industry.

Noris colour pencils

MADE FROM **UPCYCLED WOOD**

## This procedure saves trees and gives wood leftovers an upgraded life as high-quality STAEDTLER pencils:

- No complete wooden boards needed compared to regular production processes of pencils, usage of already arising by-products in wood production
- STAEDTLER's production method compared to traditional production methods reduces wood waste
- Certified wood: The upcycled wood originates from PEFC-certified forests managed in an ecologically, economically and socially sustainable manner
- „Made in Germany"

MADE FROM UPCYCLED CERTIFIED WOOD

LONG PRODUCT LIFE HIGH BREAK-RESISTANCE

# Eco Superstars!

**Through the use of innovative technologies, STAEDTLER has managed to constantly improve the efficiency of its production processes and increase the lifespan of its products. The result: durability that benefits the environment.**

**Best performance for the environment.**

With the new children's product lines Noris junior and Noris jumbo as well as new innovative products "Made from Upcycled Wood", STAEDTLER has made sustainability more accessible to consumers than ever before and is helping them make their purchase decision with confidence at the POS.

*Besides the products themselves, the quality and feel of the packaging used for the Noris junior and Noris jumbo lines also help inculcate a sense of environmental consciousness in children at a young age.*

DESIGN JOURNEY ART CLASS

# Free online drawing course

**The Design Journey Art Class is a free online course for beginners and creative hobbyists who want to learn basic drawing techniques.**

The Design Journey assortment is now also accompanied by a free online course, which not only provides great inspiration but also allows customers to learn various fundamental drawing techniques. We thereby take the next steps to enable beginners and hobby artists on their artistic paths. The course is available through the STAEDTLER website and is completed by a free magazine and a newsletter.

## Our experts & topics

Together with our skilled experts, who are internationally known through social media, we cover four fundamental drawing techniques in more than 25 sessions.

This sums up to 400+ minutes of video content in which customers can learn easily to use advanced techniques. The course focus is on drawing techniques with graphite and coloured pencils, but also several popular watercolour techniques are showcased.

+ **4 creative experts**
+ **25+ interactive sessions**

## Streetart Style DIY Lightbox

This application example goes back to Lumocolor's roots: a deep picture frame is designed with the Lumocolor markers and afterwards illuminated from behind, emphasizing on the superb colour brilliancy of our Lumocolor permanent markers which is most sparking when well-lit.

*Check out the online tutorial*

LUMOCOLOR ART

# High-performance markers for ambitious creative projects.

**Our Lumocolor assortment has been tried, tested, and approved for over 65 years by industrial users, at homes and in schools.**

**The quality and reliability of our Lumocolor markers is widely known. Now it is time to break new ground and bring the performance of our Lumocolor products home to the hobby user.**

This development is sensible as permanent markers have become an integral part of creative assortments all around the world. With our Lumocolor permanent markers we already offer the right tools to tap into this new area and develop the new target group. The two new models **Lumocolor paint marker** and **Lumocolor chalk marker** provide the Lumocolor ART assortment with depth and credibility — and give even more possibilities to the DIY and hobby user. We thereby attract and satisfy a new and attractive target audience for our Lumocolor range. We provide them with high-performance markers for ambitious creative projects.

# triplus®

## turns

**25 YEARS**

*Let's celebrate*

# A quarter of a century of ergonomic writing, colouring and drawing.

**Since its registration as a trademark in 1997 in Germany, triplus stands for ergonomic writing, drawing and colouring: the special triangular shape of the triplus products facilitates a relaxed application without fatigue. For 25 years!**

**In 2022, we can celebrate the existence of the brand triplus® for a quarter of a century.**

**Outstanding product features and superior writing performance.**

When talking about triplus, we are talking about products with outstanding product features as well as a meticulously composed product family following a defined set of values and hence providing a whole range of advantages for the user.

Except for the mechanical pencil (774), all triplus pens are manufactured in Germany to ensure a consistently high quality. All pens of this range convince with their ergonomic shape, which allows for easy, relaxed writing without fatigue: the triangular shape of the assortment naturally fits the fingers' grip and hence promotes a natural writing posture. This significantly increases user-friendliness of the products and a longer writing time without any strain is possible. The **DRY-SAFE-technology** allows for a high product reliability as the pens can be left uncapped for several hours or even up to days without drying up. So even when one forgets to put the cap on from time to time, the pens will still be performing optimally.

**The most important writing technologies from a single source.**

**Moreover, the triplus product family is popular for its diversity.** Through the large variety of products within the triplus family we offer the right pen for the right user and the right usage. Hence the assortment offers the perfect pens for writing, drawing and colouring, for everybody who is conscious about superior writing performance.

*Let's celebrate*

**triplus®**

# pigment liner 308

Fineliner

- Fineliner for writing, sketching and drawing
- Pigment ink, indelible (in accordance with ISO 14145-2), lightfast, waterproof on paper
- CAP OFF - can be left uncapped for at least 12 hours without drying up (only black ink)
- Erasable when used on drafting paper, no bleeding when high-lighted
- Long metal tip, ideal for use with rulers and templates e.g. Mars 572 FL
- PP barrel guarantees long service life
- Airplane-safe - automatic pressure equalization prevents pen from leaking on board aircraft
- Available in stand-up STAEDTLER box

# Lumocolor® permanent CD / DVD 310
CD/DVD/BD pen

- Extra soft tip does not damage sensitive CD/DVD/BD surfaces
- Ink does not penetrate into data storage layer
- Excellent smudge-proof and waterproof qualities on almost all surfaces
- Dries in seconds, therefore ideal for left-handed users
- High colour brilliancy, low-odour

- Black is lightfast
- PP barrel and cap guarantee long service life
- DRY SAFE – can be left uncapped for days without drying up
- Airplane-safe - automatic pressure equalization prevents pen from leaking on board aircraft
